

Fond de ten cashmere finish - golden beige 30 ml JOKO

Acest fond de ten matifiaza si acopera imperfectiunile tenului, lasand pielea catifelata si fina asemeni efectului de casmir, vreme indelungata.

Amestecul perfect de polimeri, silicon si mirco pigmenti asigura o aplicare uniforma, se aseaza foarte bine pe ten, lansandu-l in acelasi timp sa respire.
Complexul de Vitamine C+E actioneaza ca antioxidanti naturali, protejand pielea impotriva radicalilor liberi si factorilor externi, hranind si hidratand pielea.

Datorita texturii sale inovative, cremoasa dar in acelasi timp pudrata, acesta este indicat in special persoanelor cu tenul mixt sau gras, mentinand pielea cu un aspect mat pana la 12 ore.
