

Fond de ten long matt - rich tan 30 ml JOKO

- Long Lasting shine control- Sebum Control

- SPF 10
- Fara parabeni

Un fond de ten fluid ce balanseaza perfect zonele grase si uscate ale pielii. Hraneste si simultan absoarbe excesul de sebum, prevenind astfel ca zona T sa devina lucioasa vreme indelungata, conferind un finish mat.

"Long Matt" este un fond de ten de acoperire inalta, care camufleaza petele de vitiligo si petele fotosolare, precum si alte imperfectiuni ale pielii, paloarea si ridurile fine.

Vitaminele A, C si E continute imbunatatesc starea pielii si ajuta la mentinerea aspectului tanar prin stimularea sintezei de collagen si lupta impotriva radicalilor liberi.

Textura usoara si non grasa permite o aplicare facila si uniforma, fara a crea un efect de masca.

Potrivit pentru ten gras si mixt, nu blocheaza porii.
